Fabrics:

1. 1.5 yard piece of pre-washed black cotton fabric.
2. We have many fabrics for your use in the villa. However, if you'd like, you may bring a variety of your own fabrics.

What kind of fabrics?

Since we have limited weight on the luggage I will try to be as precise as possible. The patterns I have drawn up are of Italian street and court yard scenes. Most of them are traditional color palette of umbers, sienna's, oranges, beiges, tans, browns, sky (your choice). I have photo images I can send as suggested colors. Of course any color palette you choose will be fine as long as you bring a range of values. If you want to go with fluorescent surreal colors, go for it! But with any palette please bring three groups of values: darks, mediums and lights.

I find that those fabrics with the multi colors/values in one piece, that have very dark to very light in the one piece work well. They may be patterned -or the splotchy type of multi value fabric (you know the ones, they look like someone used it to wipe up spills or clean their brushes!) Hand dyes work if there is enough contrast between values in one piece. Often the more values in a piece the better. These are just suggestions if you already own them. Just bring what you have. You won't much need yardage of one fabric.

Supplies I provide Include: full size Pattern of your choice (I'll be bringing them) instructions, Mistyfuse, Transdoodle transfer paper, paint, brushes, plastic plates and cups for paint, additional fabrics
