

Drawing... connecting with your inner muse | 2- 5 days (all levels)

Learn at your own pace with the emphases on skill development and connecting with your inner muse. The focus will be on building and refining your basic powers of observation. Utilizing different mark making materials and methods, we will break away from classical concept of what accurate depiction is and explore new non-traditional possibilities. The goal is to develop artistic self-confidence, originality, and your own unique style to apply to all art forms.
