

Creating the Illusion of Depth | 1 day (all levels)

Fusing class- No sewing machine

In this workshop you'll train your eye and sharpen your design ability. Learn how to create the illusion of depth through an architectural motif by working with three design elements: perspective, value, and light source. You'll learn an easy, no fail, technique of fusing. There is no accuracy with seam allowances, no points to match and no sewing machines. This is a loose technique that allows for greater freedom in construction. Build your confidence to go beyond the quilt surface into its visual depth.

Supply list for Illusion of Depth:

Tools:

Small rotary cutter, cutting mat, iron and board, ballpoint pen, black sharpie marker, Straight pins, xacto knife, Scotch magic tape.

Fabrics:

15 x 20" piece of black background fabric as a foundation piece.

Kit \$35 : Half yard of multi-value, Multi-color hand dye which will complete project, original pattern, freezer paper, parchment paper, Misty White fuse, Transdoodle transfer paper, textile paint, brushes, and paper goods.
